

Meet us at the beach!

2008 Summer Beach Naturalists

**What do seastars eat?
Why is seaweed slimy?
Which fish can sing?**

Find out the answers

to these questions and more when you explore the beach at low tide with a Seattle Aquarium Beach Naturalist. These local citizens care about Puget Sound beaches and have volunteered to help others learn about and enjoy our local beaches. We protect the places and things we understand and care about, and Puget Sound Beaches belong to all of us!

Meet us at these beaches:

Richmond Beach, Carkeek Park, Golden Gardens, South Alki, Lincoln Park, Seahurst and Des Moines Beach Park. Look for signs at the entrance to the beach.

Come join trained Beach Naturalists
