2020 college internship program

Marine bird and mammal animal husbandry

Thanks for your interest in an internship position at the Seattle Aquarium! The Aquarium’s internship program is designed to prepare future zoo and aquarium professionals for employment. The internship is an in-depth, hands-on program requiring a time commitment of at least 400 hours over 10–13 weeks. Interns are expected to be flexible with their schedule and will work weekdays, weekends and holidays. This is an unpaid position and no housing is provided. For those seeking college credit, we will work to accommodate school requirements. Those who successfully complete this internship will demonstrate responsibility, an understanding of basic husbandry requirements, and the ability to work both independently and as part of a team.

Included in this packet you will find information about the Aquarium, a position description, internship schedule and deadlines, and application information. Please review the information carefully before applying.

Applications for internship positions are evaluated based upon interest in working in the field, relevant experience, academic achievement, interview success, and willingness and ability to fulfill internship requirements. Late and incomplete applications will not be reviewed. Due to the number of applications we receive, we contact only those applicants who have been selected for an internship interview. We encourage those who have not been selected for an internship to reapply for future positions.

If you have any questions about the internship or requirements, please contact me at d.glenn@seattleaquarium.org. We look forward to reviewing your application.

Dave Glenn
Volunteer Engagement Manager
About the Seattle Aquarium

The Seattle Aquarium is a respected authority on Puget Sound, the Salish Sea and the world’s one ocean. Our passionate staff, volunteers and interns increase awareness and drive the change needed to preserve and protect our marine environment through a variety of channels, including a compelling exhibit experience, engaging daytime and evening events, conservation education programs for people of all ages and backgrounds, community outreach to underserved populations, research that advances understanding of animals in our care and their counterparts in the wild, advocacy and policy work, an award-winning volunteer program, strong and consistent marketing efforts and more.

We’re noted for our collaborative, communicative and team-oriented working environment. Our values, developed in conjunction with our staff, include commitments to adopting and promoting sustainable practices, creating awe-inspiring experiences, constantly learning and improving, fostering an inclusive community, maintaining scientific credibility through evidence-based practices and honoring our unique place by using our location and history as a lens for larger understanding.

Proudly accredited by the Association of Zoos and Aquariums, we’re the eighth-largest aquarium in the U.S. by attendance and we welcome over 850,000 people through our front doors each year. Guided by our mission of 

**Inspiring Conservation of Our Marine Environment**, we’ve developed a master plan to substantially increase in size and impact by opening a new exhibit building, the Ocean Pavilion. Our current annual budget is $18 million.
Marine bird and mammal husbandry internship position description

**Salary and benefits:** This is an unpaid, unbefitted internship with no housing provided. The Aquarium does provide transportation subsidies for interns, including free bus, ferry and light rail tickets. We work with interns to accommodate school requirements for those who may earn class credit for an internship.

**Reports to:** Bird and mammal staff member.

**Time commitment:** 32–40 hours per week for 10–13 weeks. Minimum commitment of 400 hours, maximum commitment of 500 hours. Interns must be flexible with their schedule and will be expected to work weekdays, weekends and holidays.

**Responsibilities:** This position is a hands-on learning experience working under the direction of animal care staff on the Aquarium’s bird and mammal team. Interns will assist with daily husbandry duties of species in the Aquarium’s care, including exhibit maintenance and cleaning, food preparation, observing and noting animal behavior, maintaining water quality and life support systems, and enrichment. Each intern will complete two projects over the course of their internship, to be assigned by the intern’s supervisor.

**Qualifications:**

- Must be at least 18 years of age.
- Must have completed a minimum of two years of college-level coursework relevant to the position.
- Demonstrate a high level of interest in marine science, animal care and a career at a zoo or aquarium.
- Ability to complete the full internship commitment of 400–500 hours within 10–13 weeks.

**Training and certification requirements:** If offered the position, applicant must successfully complete the Aquarium’s background check process.

**Uniform and equipment:** Aquarium polo shirts are provided. Intern must provide appropriate bottoms (pants or shorts) and sturdy closed-toed, closed-heeled shoes.

**Working conditions:**

- Position works in offices, exhibits, service areas (indoor and outdoor) and occasionally field settings.
- Requires handling, working with and exposure to animals, zoonotic diseases, animal feces, and chemicals.
- Must be able to lift up to 50 pounds.
- Frequent bending, moving, lifting, and maneuvering objects in and around exhibits, including six hours or more of walking, standing or other physical activity.
- The position will work outside in all weather conditions.
Internship schedule

We accept interns three times a year. The summer session is the most competitive; we encourage you to consider other times of year. Our schedule is as follows:

Winter 2020 internship: No bird and mammal internship offered.

Applications accepted until December 20, 2019.

Applications accepted until March 6, 2020.

Applications accepted until July 1, 2020.

If offered a position, start dates are mutually determined by the intern and the intern’s supervisor.
Application instructions

Completed applications must be received by 5pm on the due date to be eligible for review. Late or incomplete applications will not be reviewed.

Interviews are conducted in person at the Seattle Aquarium or via video conference. Due to the number of applications we receive, only those applicants who have been selected for an interview will be contacted.

To apply for the position, please submit the following:

1. Application.
2. Cover letter describing your interest in the position.
3. Résumé.
4. A list of three references.
5. Typed answers to the application questions.
6. College transcript.
7. One letter of recommendation.

Completed applications may be emailed to d.glenn@seattleaquarium.org or mailed to:

Seattle Aquarium
Attn: Dave Glenn
1483 Alaskan Way
Seattle, WA 98101

Please send application, cover letter, résumé, references and application question materials in one email or envelope. Letter of recommendation and official transcripts may be submitted separately.
