

Read the clues and look closely in each exhibit to find the animals described. Some clues may describe more than one animal, so list one or many! Write down the name of the animal when you find it. The first clue is answered for you. Use the Seattle Aquarium map to help you find each of the exhibits. Have fun!

Who Am I?

Window on Washington Waters and Crashing Waves

1. I am a land mammal that has to use special gear to breathe underwater.
2. I am a fish that floats, or lies as still as a rock.
3. I am a creature with at least five arms and hundreds of tube feet.
4. I am a fish that likes to live in a school.

Scuba diver

Rockfish

Sea star

Salmon

Life on the Edge (Tide pool exhibit)

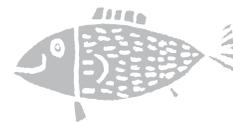

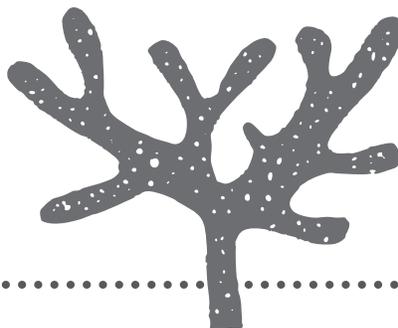

5. I am long and reddish-orange with sharp-looking (but soft) spines.
6. I am an animal that lives in a snail shell, but I am not a snail.
7. I am an invertebrate (I have no bones!) with up to 200 sucker discs on each of my eight arms.
8. I can be green, pink or other colors, and I use sticky tentacles to sting my prey.

Sea cucumber

Hermit crab

Octopus

Sea anemone

Pacific Coral Reef and Tropical Fish

9. I am a fish with a long nose and a curly tail that grabs onto coral in the reefs.
10. I am often found living with sea anemones (and they don't sting me!).
11. I am a fish with or without spines that can blow up like a balloon to scare off predators.

Seahorse

Clownfish

Puffer fish

Birds

12. I am a bird that uses my bill to open mussels.
13. I am a diving bird that "flies" underwater.

Black oystercatcher

Tufted puffin, Pigeon guillemot,
Rhinceros auklet, Common murre

Underwater Dome and Puget Sound Fish

14. I am a fish that uses camouflage to blend in with my environment.
15. I am a long skinny fish that hides in a den with only my head sticking out from the cracks.
16. I am a spotted fish with a long, pointy, rat-like tail.
17. I am a large bottom-feeding fish with whisker-like barbels under my mouth.

Lingcod, Flounder,
Rockfish, Skate

Wolf eel

Ratfish

Sturgeon

Marine Mammals

18. I am the smallest marine mammal, and I spend a lot of time floating on my back.
19. I am a large marine mammal (males are much larger than females) with long flippers and small ears.
20. I am a mammal related to sea otters but I often live in fresh water.

Sea otter

Northern fur seal

River otter
