# Leave it where you find it BINGO

**SEATTLE AQUARIUM**
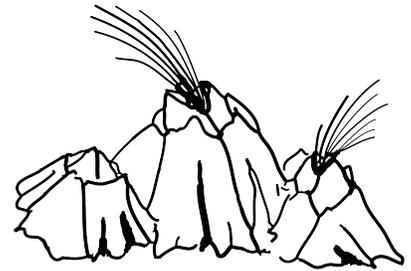

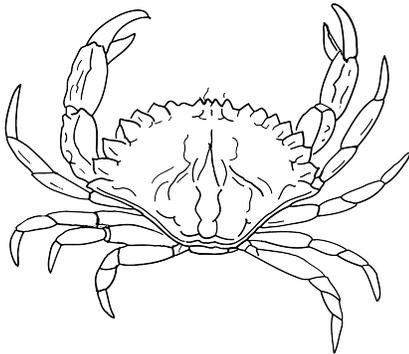

Watch a bird.
What is it doing? Why?

See if you can step
only on sand.

Watch a
barnacle feeding.
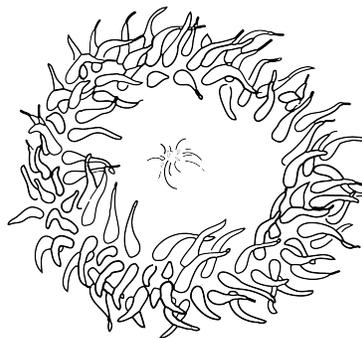

Find a crab molt (shell)
and leave it. Why?

Observe something
without eyes.

Find something
camouflaged.

Find a clam shell
with a hole in it.

Find an anemone covered
by water. It's alive—
touch gently!

Act out being a
closed-up anemone!

# CARE
## for the beach

**C**onnection between people and beach animals.
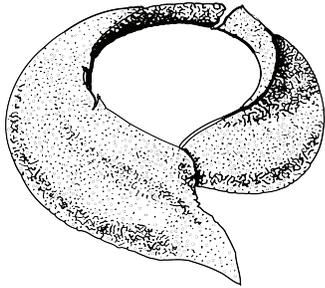

**A**wareness of the creatures living under our feet.

**R**espect and responsibility for living creatures on our beach.

**E**ducate friends and family about beach animals and habitats.

AQUARIUM

# SEATTLE AQUARIUM

# Leave it where you find it BINGO
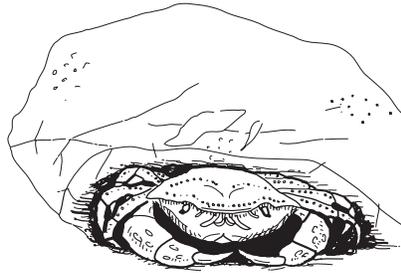

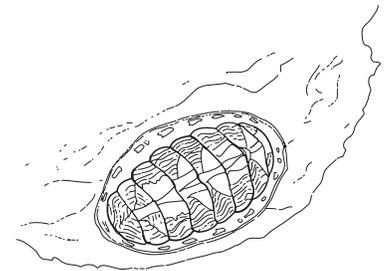

Find two things living together.
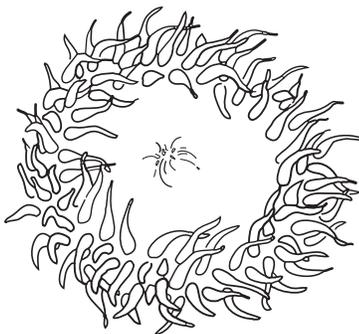

Smell the air.

Observe something with eyes.

Find and leave a bivalve shell.

Without turning over a rock, find a crab and leave it in its home.
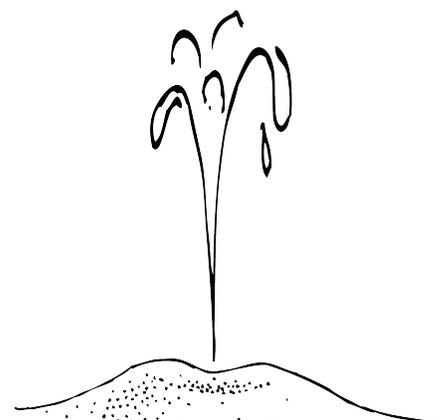

Find a sea creature hiding. Why is it hiding?

Act out being an open anemone!

Find a closed-up anemone. It's alive—touch gently!

Watch for clam squirts!
